

ONCE UPON A TIME... A COOPERATIVE LEARNING LESSON

Aims:

Let us make a story together and also practice writing and speaking in the past tense.

Task 1

Today we are going to write a story together. On your small pieces of paper please collect me 4 characters, 4 objects, 4 adjectives and a location.
If you are ready, collect the small pieces of paper and pass out one to each group!

Task 2

Read the papers you have got. Try to discuss and understand every word on them. If you are ready, make a list of 3 characters, 3 objects, 3 adjectives and a location. You can choose any word from the small pieces of paper.

Task 3

What words did you choose? Read out your selection of words to the other groups please!

Task 4

Write a story with your word list! You must use all three characters, objects, adjectives and the location as well. One student can only write one sentence, then must pass the paper. You can help each other, but everybody should write his or her own sentence on the paper! Don't forget that every story has got a beginning, a middle and an end. Try to make a full story!

Task 5

Decide who is going to be the narrator of the story, and who will be the three characters. Act out the story!

Task 6

Write conversations for your story! Every character should write his or her own lines. You can help each other, but like before everybody must write down their own sentences! Perform the story again, now with conversations!
